### QGIS Workshop Report

Name of Workshop speaker	- Prof. J.P.Yadav
Institute of Workshop speaker	- Assistant Professor ( Civil Engineering Dept at S.V.P.M'S College of Engineering, Malegaon(bk), Baramati
Date of Workshop -	- 16/04/2024
Staff Coordinator-	- Prof Khatal J.M.

#### **Objectives-**

This workshop will be helpful to students in understanding:

1. Understand basic GIS concepts
2. Navigate GIS interface
3. Locate GIS data on the web and identify reliable data sources
4. Add data to GIS Software & prepare vector GIS data

**Outcome of Workshop :** Students can understand basic concept of GIS. Students can understand use and applications of QGIS software.

#### **Information of Workshop in brief-**

- QGIS is a GIS platform, Very capable and flexible desktop GIS software
- Desktop, Server-GIS and Mobile GIS
- 2D-GIS, with 2.5D Components (3D slowly under dev.)
- Platform independent (Linux, Mac, Windows, Android)
- Based on qt-Framework (C++ and Python)
- Plugin-System: Python and C++
- Good integration with (OGC) web services

**Subject: - Invitation letter for Workshop on QGIS (Remote Sensing & Geographic Information System)**

Dear Sir,

Sharadchandra Pawar College of Engineering and Technology Someshwarnagar, established in 2012, is one of the self-financed Engineering colleges approved by AICTE New Delhi, Government of Maharashtra and DTE Mumbai. The institute is affiliated to Savitribai Phule Pune University (SPPU). The institute offers Engineering Courses in Mechanical Engineering, Civil Engineering, Computer Engineering, and Electrical Engineering leading to BE degree as per SPPU University Curriculum.

It gives us a pleasure to invite you as expert and speaker to our Civil Engineering students on **Workshop on QGIS (Remote Sensing & Geographic Information System)**. Your experience and expertise in this subject would enable our students to gain knowledge.

The proposed date for workshop will be on **16-04-2024 & 18-04-2024** and session will start from **10.00 am** onwards. Hence you are requested to accept our invitation and convey our coordinator for the same.

With regards.

Workshop Record: akses RCBD 2020

**About Workshop:** akses RCBD was originally developed by Ajay Kadam as a part of a research done on nonlinear analysis and design of reinforced concrete frames. The software was developed using finite element method and the design part was based on American Concrete Institute's (ACI) Code. Later in 1991 it was modified according to Indian Standard (IS) Code. A number of residential, commercial, institutional and industrial buildings have been designed using this software in the Ajay Kadam Associates' structural design office for last 29 years.

2023. Prof. Swati S. Ghadage over as the guest speaker and topic of her discussion was "Fundamentals of Python Language" during which various topics of Python Language were discussed.

**4. Response of the audience/ learning for the students:** It was nice learning experience for students and they thoroughly enjoyed the session. Speaker involved the students in various games making the session very interactive.

**5. Faculty Coordinator Name:** Prof. Kadam S.S.

**6. Number of participants :** (student: 122 & Faculty: 1)

**7. Learning objective:**

1. Introduction to Programming Concepts
2. To familiarize students with the syntax and semantics of Python, emphasizing its readability and ease of use compared to other programming languages.
3. To Understanding Program Execution.
4. Importance of Python in Various Fields.
5. Resources and Further Learning.

**8. Learning Outcomes:**

1. Students should gain a solid understanding of the basic syntax and structure of Python programming language, including variables, data types, operators, and basic input/output operations.
2. Develop students' ability to break down problems into manageable steps and solve them using Python programming constructs like loops, conditionals, and functions.

**9. Expert Narration:**

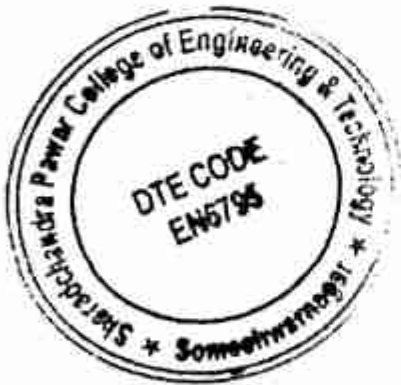

The focus of the lecture was not only to impart knowledge but also to ignite curiosity and passion for programming. Python is a gateway to endless possibilities in the tech world, and mastering its fundamentals is a crucial first step towards becoming a proficient programmer.

## Workshop Report

Name and organization of Guest speaker- Mr. A.S. Kondhadeshmukh , Director, Drone Technologies, Pune.

Date of one day workshop- 10-01-2024

Staff Coordinator- Prof. Pondkule S.M.

### Objectives:

1. To help understanding the drone techniques.
2. To acquire basic knowledge about drones.

### Outcomes

1. Students will understand the drone technology.
2. Students will understand drone techniques.

**Information of workshop in brief-**

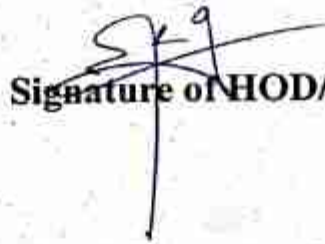

Mr. Kondheshmukh , he has more than 10 years 'of experience in drones. He conducted project of ISRO. The skill and techniques shared to the students.

**Value addition through workshop –**

A drone is a flying robot that can be remotely controlled or fly autonomously through software-controlled flight plans. Drones are integrated with embedded systems and work in conjunction with on-board sensors and GPS systems. And building hands-on drone projects is a great way to learn this innovative technology. Students learn those things.

**CONCEPTION OF THE PROGRAMME**

The International Yoga Day was celebrated on 21st June to bring peace, harmony, happiness and success to every soul in the world. This was a great opportunity to imbibe the value of discipline. Yoga is a mental, physical and spiritual practice that needs to be carried every day. People got the chance to know how yoga embodies unity of mind and body. The students with the faculties performed Yoga with yoga teacher between 6.00 am and 9:00 pm in SPCOET Someshwarnagar. Different yoga postures like Pranayama, Meditation, SudarshanKriya, Bhadrasana, Bhujangasana, PawanaMuktaasana, finally ended with Prayers were recited before and after the programed.

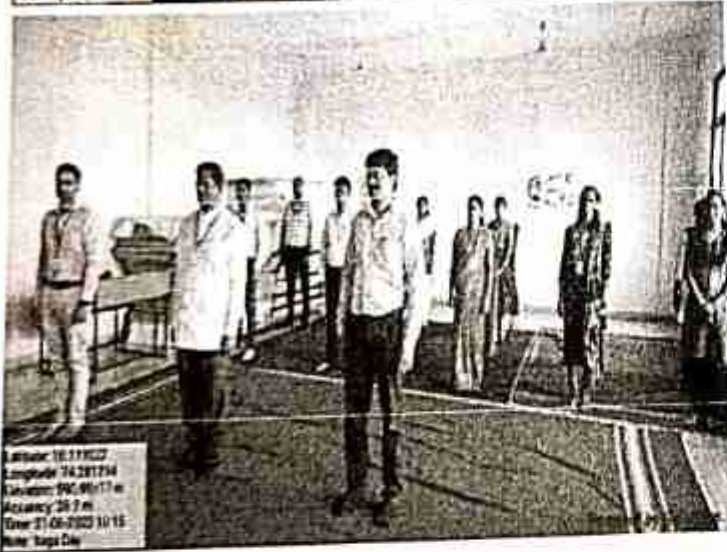

• **OBJECTIVES:**

- A. International Yoga Day aims to develop the habit of meditation among youngsters so that they can enjoy more peace of mind and self-awareness, which is essential for a stress-free existence.
- B. Yoga helps to keep the internal organs in the body to function properly by increasing the oxygen and blood flow. Proper oxygen and blood supply to all body.
- C. The vital organs helps to diminish the occurrence of major diseases related to the heart, lungs, kidneys and other vital organs.
- D. World Yoga Day aims to educate people about the various means of overcoming stress naturally without resorting to any medicine.
- E. Yoga practitioners believe that when a person connects with Mother Nature with both his mind and soul, he achieves a greater level of consciousness which helps him to be at peace with his surroundings. This level of consciousness would invariably lead to world peace as more and more people starts practicing Yoga.
- F. Practicing yoga would lead to stronger bonds between people from different background, irrespective of caste, religion or language barriers. It would help to promote the feeling of communal harmony and create a conjugal atmosphere for global peace.
- G. International Yoga Day aims to make the practice of yoga popular among people in different parts of the world, so that people are able to have a correct opinion about this form of well-being, which is not only easy to practice but is also extremely effective on a long term basis. In short World Yoga Day aims to bring different communities around the globe together through the practice of yoga, so that they can eliminate all types of negativity from their lives and gain control over their emotions as well as health ailments which often acts as the major hindrance in our path of self-development.
